Bold lines are current DCPS elementary school boundaries. Shaded color areas are current and proposed DCPS elementary attendance zones.

<b>Initial Decision Factors</b>	<b>Proposed Boundary Changes</b>
Closed school boundaries to redistribute: Marshall, Brookland, Shaed, Slowe, Emery and Marshall.	Re- allocated areas within these boundaries to current DCPS elementary/PS8 schools.
Low in-boundary participation rates. Walkability concerns with eastern Shaed boundary.	Noyes expanded to absorb part of Shaed and Slowe.
	Slight expansion of Burrough's boundaries to absorb Slowe.
Walkability concerns.	Langley expands to take in Emery and Shaed.
Walkability issues; bus continues currently between Marshall and Langdon.  Capacity concerns at Langdon with consolidation.	Langdon consolidates all of Marshall and part of Slowe; spur of Langdon's original boundary south of NY Ave. to be considered with local residents.
	Langley absorbed part of JF Cook boundary; JF Cook was primarily absorbed by Seaton ES. Marshall was consolidated into Langdon EC. Langley, which was closed as a JHS becomes the elementary boundary for the former Emery ES.
Note: Charter schools in former DCPS facilities: Friendship Charter School at Woodridge, Mary McLeod Bethune in Slowe, opening Mundo Verde at JF Cook; Community Academy at Armstrong; Inspired Teaching Charter school at Shaed (sharing with Lee Montessori); Perry Street at Taft MS, sharing with LAMB.
